

AUGUST 2012

8.29.2012 (**Ride Free Downtown**) – Welcome back to another installment of Web Tip Wednesdays! Today, in light of the upcoming holiday weekend, we'd like to tell you about the **Ride Free Downtown** section of our website.

You can access the **Ride Free Downtown** page by clicking on the box on our **Home** page or by finding it under **Getting Around**. This section is where we give you information about our free shuttles that run 7 days a week downtown as well as the dot shuttle, the River St Streetcar, and the Savannah Belles Ferry. (Did you know we operate the ferries and that they're free?) These services are open to everyone, not just tourists, and we're proud to be able to offer them with the help of our partners. So check them out if you never have before, and be sure to 'Like' if you like free transportation.

Thanks, and have a great day!

8.22.2012 (**Students**) – Welcome to another Web Tip Wednesday! In honor of going back to school, today we tell you about our **Students** section. Located under **Getting Around**, the **Students** page gives information on bus routes that serve the universities in our area, the U-Pass program, and provides links to some school calendars. Click below to explore the **Students** page, and as always, please feel free to share your feedback and ideas. Thanks for Catching a CAT!

8.15.2012 (**Help**) – Good morning, everyone, it's another beautiful Web Tip Wednesday! Today we take some liberties with a famous song to say, "We provide...just a little help...for our friends." What that means is that we have a new **Help** page on our website!

In the **Rider Tools** section, we now have a Help page where you can access our FAQ, find quick links to other parts of the website, and even read our past Web Tip Wednesday posts. We put a lot of work into it for you, so we hope you check it out, share it with your friends, and of course let us know if you like it or have suggestions. Click the link below to see it for yourself, and have a great day!

8.8.2012 (**Teleride**) – Good morning, Chatham County, it's Web Tip Wednesday once again! And while we'd like to offer you each a towel, we'll have to stick with a web tip instead. Today we tell you where to find **Teleride** information.

Teleride is our paratransit service. It is designed to be complementary to our fixed route (bus) service, meaning that it travels in approximately the same areas during the same hours. The service can be used by customers who have either permanent or temporary disabilities, and there is an application to be filled out for determining eligibility. To find out more about **Teleride**, look under the **Accessibility** section of our website.

Thanks, and have a great day!

8.1.2012 (**Media**) – Well, we goofed. With all the hoopla about the voting results today, we forgot all about Web Tip Wednesday! So here it is, better late than never.

Have you ever noticed the **Media** link at the top of our website next to **Contact**? Clicking on **Media** will take you to the section of our website that has our company press releases, links to external articles about or related to CAT, and even a few videos we've been able to make available. It's all provided for those of you who might be interested, so be sure to let us know if you check it out and have any suggestions for improvement.
Thank you!
