

JULY 2012

7.25.2012 (**About CAT**) – Welcome to another Web Tip Wednesday! If you missed the first one last week (about all the ways to contact us), this is where we try to break down our huge, helpful website into more chewable bite-size pieces. As we create more tips, we'll store them all together on our website so you can review them any time.

So what do you want to know that might not be obvious from the homepage? The **About CAT** section. Going here will not only tell you all about our company mission, the CAT Board and board meetings, our management staff, but also Job Openings and Community Events for the month. There's even more in the section, but we'll save that for another time. And if you don't want to wait, then click the link below and start exploring! Our information is available for you, so please don't hesitate to check it out and contact us with any questions. Thanks for reading our web tip, and have a great Wednesday!

7.18.2012 (**Contact**) – Good morning, Savannah! Are you ready for Web Tip Wednesday? Well, here it is. We know there is a lot of great information on our website but that it won't do you any good if you can't find it. So every Wednesday we're going to tell you how to access something on our website.

To start things off, let's talk about how you can tell us what's on your mind. If you go to our **Home** page at www.catchacat.org, you should always see the word **Contact** up near the top right corner. Clicking on **Contact** takes you to the page that has a link to our online feedback form, a link to send us an email, and the addresses and phone numbers of our office locations. Using any of these methods, you can tell us your comments, questions, or even suggestions for better service. We're always striving to provide you with the best possible service, and hearing directly from you helps us the most.

So that's today's tip. We hope it helps and that you tune in next week for another one. Have a great day!
