

Updated Passenger Schedules Are Here!

On **February 20, 2012**, look for our latest passenger schedules at your place of business, at the library, or at our office on Gwinnett Street. These schedules will have our brand new Holiday Service times included so that you know when we run on MLK Jr. Day, Memorial Day, the Fourth of July, and Labor Day. These schedules will also have some timing adjustments based upon your valued feedback, so be sure to check before you catch the bus on the 20th.

? **How do you know you have the most up-to-date schedule?**

Check the Effective Date on the front:

? **What changes should you look for other than the Holiday Service times?**

Minor adjustments only. We have listened to you, our customers, and removed the trips that you said are unnecessary so that we can get you to your destinations faster. We have also added the trips that you need to get around. Specifically, please see the following updates.

- 4** Sunday trip at 3:57pm to Lamar at Dixon has been removed for earlier arrival at Hampstead at White Bluff and Chatham Plaza. Customers can still get to Lamar at Dixon on Sunday afternoons by getting off the bus at Montgomery at Staley and walking.
- 12** We have added 2 outbound trips Monday-Friday leaving W. 51st at Hopkins at 10:55am and 12:25pm. We have also added an inbound trip Monday-Friday leaving SSU's King Frazier Student Center at 11:40am.
- 14** Based upon customer feedback and ridership surveys, we have removed the morning and afternoon trips to Candler Hospital that are served by the 11 Candler (approximately 7:30-10:00am and 3:00-5:30pm). This will make trips to the Oglethorpe Mall faster and more efficient. There are also minor design changes to this schedule that we hope will make it easier to read.
- 114** Schedule now includes the outbound bus stop at Janet Drive. For timing and efficiency, the Walmart at Fulton will now be serviced on outbound trips only, before arriving at the Savannah Mall. Other times have also been adjusted to ensure that the 114 arrives after the 14 at the Oglethorpe Mall heading outbound and before the 14 at Oglethorpe Mall for connections heading inbound. The 114 will also stop at the bus stop in front of Belk department store before turning in to the Oglethorpe Mall for easier transfers to the 4 Barnard.
- 17** Note added to the schedule to indicate that service to Savannah Morning News is on the 9:35pm inbound trip only. This is not new service; we have just added the information to the schedule.
- 20** The map and time tables have been revised to more clearly show the route since the downtown portion is only served on the first outbound trip. Customers should also please note that the 20 Montgomery/Skidaway Island will not run on our new Holiday Service due to low ridership.
- 24** Service to SSU's King Frazier Student Center has been added Monday-Friday at 6:02pm heading inbound.
- 25** Layover times at the Probation Office have been decreased in order to improve our on-time performance on inbound trips. We have removed trips to the Probation Office after 5:00pm since it is closed then. Service will continue to Juvenile Court (the column was removed to make the schedule simpler to read), but we have taken out the 6:06pm trip to Juvenile Court since it is closed then. Trips to Juvenile Court are marked with an asterisk. We have added service to Westlake Apartments heading inbound Monday-Friday at 5:37pm, 6:07pm, 6:37pm, and 7:07pm.
- 27** We have added a trip Monday-Friday that leaves the Oglethorpe Mall at 7:40am. This trip will not service Candler or Memorial Hospital so we can get you downtown more quickly.
- 37** We have added a Monday-Friday outbound trip leaving MLK at Broughton at 6:35am. We are also limiting the number of trips that go onto the property at Riverview Nursing Home, so be sure to ask your Operator. On trips that the bus does not go onto Riverview property, customers can get off the bus at La Roche Avenue before Nottingham Drive and walk in.
