ORIGINAL RFP NUMBER: 2022-02
PROJECT: COA and TDP Consulting Services RFP
This Addendum forms a part of the Request for Proposals 2022-02 dated, December 23, 2021.

Response to additional received questions following addendum No. 3 and updated schedule of events:

Question 1: Would CAT consider an extension for the complimentary Ferry Service Study? We feel that additional time is needed to respond appropriately and thoroughly to this addendum.

Response: Yes, CAT is adding two weeks to the previous proposed date of March 10, 2022; new Submission deadline is March 25, 2022.

Question 2: For the above resubmittal, would you please clarify if you were looking for a modified submittal of the full proposal that was previously submitted, or an addendum to address proposed changes in response Addendum #3?

Response: If any modification is needed from your original proposal CAT will accept the modified proposal as the complete proposal, or you can submit an addendum to the original addressing the changes from the previously submitted.

Question 3: We have looked in the budget document you referenced and do not see any reference to available budget for the COA/TDP. Could you please clarify the location or specifically where to find it? It would be particularly helpful to know CAT’s resources for the ferry task since that is an additional task.

Response: Yes, please see link to the approved budget: https://www.catchacat.org/about-cat/transparency/, the project will be funded between grants budgeted and operational funding.
